

CLOUDVAULT TECHNOLOGIES LTD.

Cloud Backup & Storage Services Master Agreement

Effective Date: October 01, 2025 | Document Version: 4.2 | Jurisdiction: Global

MODERATE RISK (EXPECTED SCORE: 40-60) SAMPLE DOCUMENT

This Agreement governs the relationship, rights, liabilities, and statutory obligations between the Subscriber ("User") and CloudVault Technologies Ltd. ("Company"). By clicking "Accept", accessing, subscribing, or using any associated software platforms, digital services, or streaming media, the user unequivocally assents to be bound by the clauses detailed herein.

Section 1: Service Eligibility & Scope of License

The Company provides digital platform services subject to strict compliance with these provisions. The license granted is personal, revocable, non-exclusive, and strictly limited to non-commercial consumption. Any unauthorized reverse engineering, modification, or sharing of user credentials constitutes an immediate material breach.

Section 2: Dispute Resolution & Regional Governing Law

In the event of any contractual controversy, the parties agree to participate in informal dispute negotiation for a period of thirty (30) days. If unresolved, claims shall be submitted to standard commercial arbitration under the rules of the American Arbitration Association in the State of Delaware.

Section 3: Modification of Service Fees and Storage Tiers

CloudVault may adjust service fees or storage quotas upon thirty (30) days advance notice delivered via email or banner notification. If subscriber does not agree to the revised rates, they retain the option to terminate their plan prior to the next billing cycle.

Section 4: Subscription Auto-Renewal & Cancellation Window

Subscriptions renew automatically on a monthly or annual basis. To prevent automatic renewal charges, subscriber must cancel recurring billing through account settings at least 48 hours prior to renewal. Payments for active periods are non-refundable, but access remains through the billing period.

Section 5: Usage Telemetry & Anonymized Analytics

CloudVault collects technical metadata, performance diagnostics, and system error logs to maintain infrastructure reliability. Personal data is never sold to third parties; however, aggregated, anonymized analytical telemetry may be processed with third-party hosting partners.

Section 6: Limitation of Liability & Indemnification

Neither party shall be liable for indirect, incidental, or consequential damages. CloudVault's total cumulative liability for direct damages under this agreement is capped at the total amount paid by the customer in the three (3) months preceding the incident.

Section 7: Severability & Entire Agreement

If any clause of this Agreement is held to be invalid or unenforceable by a tribunal of competent jurisdiction, such provision shall be severed and the remaining covenants shall continue in full legal force. This document constitutes the sole agreement between the parties superseding all prior verbal or written understandings.

Formal notice of dispute or statutory grievance communications must be transmitted to: legal@cloudvault.com | Clausify Evaluation Benchmark Document.
